Ref. No: IMPACT/NOTICE/46/2025   Date: 10 January 2025

Notice

It is pleasure to inform students, pursuing undergraduate and post graduate streams at Impact Group of Colleges, that decision has been made to organize **Certification Course Programme on Artificial Intelligence and Machine Learning for 45 days** in offline mode only to develop and strengthen the specific career skills. Besides, it gives abundant pleasure to share that no prior coding experience is required for this certification course.

Given the importance of Artificial Intelligence and Machine Learning to beat tough competition and make career bright and rewarding, the aforementioned programme is being organized by Department of Computer Applications, **the wing of Impact Group of Colleges, at both city and main campuses for 1st , 3rd and 5th semester students from 19 January 2025.**

Classes at city campus will be held from Monday to Friday for 5th and 3rd semester students only from 20 January 2025 between 11: 30 and 12:30 PM. However 1st semester students will attend their classes at main campus on every Sunday beginning from 19 January 2025 from 11:00 AM and 2:00 PM.

According to management decision, students are required to pay Rs 999/- as course fee to join the Certification Programme. Over and above, registration is mandatory for students before they attend the classes. **January 17, 2025 is the last date for registration**. **Click link** https://bitly.cx/3gpZr **for registration process as suggested.**

Successful students will be handed over certificate after the completion of the aforesaid programme that for sure paves the way for enhancing the chances of employability as per the current market demand. **Kindly go through the link** https://bitly.cx/NZqtD **for the pdf, attached herewith regarding the details of the course.**

For further information, students had better contact assistant professor Sumaiya Riyaz during office hours.
