

# VERBAL COMMUNICATION

*By Shruti Singh*

*Assistant Professor*

*Journalism & Mass Communication*

# Verbal Communication

- 1) Verbal Communication is a type of communication in which messages and information is shared , conveyed, exchanged or communicated through words.
- 2) The term verbal is derived from Latin word 'verbum' meaning 'word'.
- 3) Words can be spoken as well as written.

# Verbal Communication

4) Spoken words include conversation between two or more people .Public address, Group discussion ,Interview etc.

5) Written words include any written material in which words are used.

THANK YOU
